Location: Fayette vicinity, Howard County, Missouri

HISTORICAL AND ARCHITECTURAL INFORMATION

The following information was recorded by Alexander Piaget and Charles van Ravenswaay at the time the photograph was taken.

House built ca. 1830. John Condron purchased the farm and house about 1865, but as the earlier date of the house indicates, he was not the original builder or owner.

Slave cabin built ca. 1830. The front of this building is laid in Flemish bond, the sides and back are laid in common bond. The molded brick cornice is similar in design to others found in the county. On the other outbuilding, the construction of the chimney is an unusual feature.

PROJECT INFORMATION

The Piaget-van Ravenswaay Survey consists of a number of photographs, primarily of sites and structures in Missouri, which were taken before 1938 by Alexander Piaget and after that by Paul Piaget, both in conjunction with Charles van Ravenswaay. Photographs of buildings were incorporated into the HABS collection in 1985 by Laura Rupp and in 1986 by Deborah Fulton, HABS historians. A master list is available in the ~~State~~ records for MO-1800.
